Senate Tackles Procedural Matters

By Nelson Wetmore

Several procedural concerns dominated the November 7th CCSA meeting as Senate President Bob Ziek opened the evening by checking the attendance records of each Senator. A Senator can be removed from office if he or she is absent 3 or more times during a semester. Two Senators were found to be in this situation. Ziek ended his report by clearing up a few misconceptions about the proposed gym, and by explaining several changes made in the way the CCSA bus is run.

Vice President Russ Stebbins informed the Senate that already 2 alleged instances of cheating would be coming before the newly-formed Academic Integrity Committee. Since the committee is in a 2 year trial period, the Senate, faculty, and administration will be watching these cases closely to see if students can really police themselves effectively.

After Stebbins finished, WNTC Station Manager Dan Wolfe notified the Senate that

he had resigned from his position at WNTC and had appointed Jim Aksel to take over. Dan thanked the Senate for their support of WNTC this year, and indicated that he hoped to return to WNTC next year, after taking a leave of absense.
